

Dear Parents/Guardians,

We would like to invite you to register at St. Sylvester School for the 2012-2013 school year. We are confident that our school provides a quality education for children in Preschool through Grade 8. Our teacher's commitment to the development of our student's hearts, minds, and souls, is unequalled. You can see it in every facet of the student-teacher relationship. Our students receive the highest level of personal attention from our teachers because of the close-knit environment, our warm and loving atmosphere and our manageable class sizes. We are able to know our students as unique individuals with special talents and distinct needs. These are qualities that we cherish at St. Sylvester School.

Our program for 3 and 4 year old children uses a creative, engaging, hands-on approach to learning and development. Each preschool program offers a unique curriculum designed to meet the specific developmental needs of each age group. It includes Reading and Math readiness, Religion, arts and crafts, music and movement, directed play, as well as French and Spanish. With the assistance of an aide, the teachers have created a preschool program using current materials and methods to nurture and educate children. Throughout the school year, parents/guardians are invited to actively participate in extra activities such as parties, and field trips.

At Saint Sylvester School, we want our students to be good, intelligent and faith-filled citizens, committed to life-long learning. We expect our students to possess a strong moral compass knowing right from wrong. As part of our values-based education, our students understand their rights and responsibilities and learn to respect their fellow student's right to learn in a safe environment.

Would you like your child to be part of our school community? We certainly hope so! That's why we are inviting you to register on Thursday, February 9, 2012.
